How to apply for media accreditation:

All photographers, written media and non-rights holders must apply through this system.

Twickenham Stadium season pass holders must still register their attendance on the system.

The system closes fifteen days prior to match day. Requests made after the deadlines will not be accepted.

Each individual will need to create an account with their own username and password. Where a single administrator is handling accreditation on behalf of others, it will be their responsibility to create an account for each individual prior to the dates detailed above.

New users

If using the system for the first time:

1. **Follow link** www.englandrugby.com/pressaccreditation
2. Click on '**New Media Registration**'
3. **Step 1:** Complete ALL fields and click on 'Proceed To Step 2'
4. **Step 2:** Select media type and publication type and click on 'Proceed to Step 3'
5. **Step 3:** Upload a photo of the applicant and any documentation to support the application and click on 'Proceed to Event Selection'
6. **Step 4:** Click on the England Rugby logo. Tick the games you would like to apply for, read and accept the T&Cs and click 'Submit' to register your applications.

Within 48 hours of registering two automated emails will be sent: the first to confirm your username and password, the second to confirm which games you have requested. Please note this is to acknowledge receipt of your application only, successful applicants will be notified, where possible, 8 days prior to each fixture.

Returning users

If you are a returning user, once you have entered your username and password, you will automatically be at stage 5. If you are unable to remember your log in details please contact charlottetrusson@rfu.com

All applicants will receive an e-mail to confirm whether or not their application has been successful, where possible this will be 8 days prior to the fixture. This will be sent to the e-mail address provided on the application form. Due to the high number of requests we are unable to determine numbers and allocate places until after the system closes.
